Feeling that WRA hasn't

have to be on the defense,

stronger in influencing
public opinion, how
about Cody + Powell.
All came back several
times to Cody to point

"I don't know what more

Why doesn't WRA shut

WRA clean up Caddy, why
doesn't WRA tell the

why doesn't WRA tell honest

tone of the whole program.
Everyone feel it. Both
DSM + Tozier talk in
somewhat presumptuous
manner to J's. I feel
letted withdraw, as they
sense that he lacks
understanding of their
point of view. This
was an underlining of
what went on in the
P. D's mtg today. He is

determined to do a certain
job. I don't think the
focus is on the
people concerned in
this thing - the J's. It
is rather on the plan.
It is on the administrative
job - but tempered with
a sense of justice
to persons who have
lost their homes - justice
within limits of political
possibilities. He will
not let himself in for
any sort of crusade for them -
altho he does crusade
for equal rights with others.
No special pleading for this

method of work not just
study to ~~over~~ study behavior.

Give rise to studies -

then indicate place

ahead in which radical
changes will have to be
made: 3 examples

1. IS model

Personnel - not
recruited in tribal areas
but developed methods for
training

2. Org + Openness
